ULg... Our Staff Training Week

Before the Staff Training Week

- Why do we want to organize a Staff Week?
- How to organize a Staff Week? How does it progress over time?
- Some questions we ask us every year are:
 - What's the language of the Week? French vs English
 - Who is interested in proposing a subject?
 - Which subject do we want to propose?

 - How many candidates do we want to welcome?
 - And when?

ULg... Our Staff Training Week

Let's get started – good practices

- We all must be clear concerning the previous points and the agenda of the year
- Share the invitation
- Proceed to the selection of the applicants (max. 20/group)
- Send practical information to the candidates – What kind of information?
- Welcome day and meeting each other
- During the week
- Before leaving
