

### Europaeum Annual Lecture: The new global disorder

The former High Representative of the European Union for Foreign Affairs and Security Policy Federica Mogherini and Germany's former Federal Foreign Minister and Vice Chancellor Joschka Fischer gave the first Europaeum Annual Lecture at Freie Universität Berlin discussing The new global disorder: Europe's future in a fracturing world. The Europaeum Annual Lecture is a new lecture series hosted by the Europaeum, a network of 17 universities led by the University of Oxford, of which Freie Universität Berlin became a member in 2019.

### Winners of the Una Europa PhD Impact Award present at Berlin Science Week

Four of the winners of this year's Una Europa PhD Impact Award presented their doctoral research projects at the Inspiration Stage of the Berlin Science Week on Saturday, 1 November 2025. The PhD Impact Award aims to recognise and celebrate the impact, and potential impact, of research and researchers within Una Europa. It challenges doctoral researchers to articulate the impact of their research practices on society at large and their contribution to the world.

### Delegation of FUB traveled to Una Europa General Assembly in Madrid from 22-24 October

The Una Europa General Assembly took place at Universidad Complutense de Madrid from 22-24 October. Almost 400 staff, researchers, and students of our eleven partner universities convened for group meetings, workshops and this year's Una Europa Talk on "The Future of the University in a Changing Global Order: A Dialogue between Europe and Latin America". The focus of this General Assembly was an exchange with Latin American universities and their rectors.

### Successful completion of the BeCOIL joint project

Virtual exchange formats, known as COILs (Collaborative Online International Learning), are a central component of the Internationalisation@Home strategies at Berlin universities. Since the project was launched in 2023, nine Berlin universities have been closely collaborating within the BeCOIL framework to strategically expand COIL activities and integrate them permanently in their curricula. This article was published on the website of Hochschule für Wirtschaft und Recht Berlin. Read the whole article here:
